Background information

There is a need for Amateur Artists to get more exposure and experience in New Zealand to help them on the way to becoming Professional Artists.

Kiwi Pro-Am Country Music Association Incorporated was established in December 2005. One of its aims is to bridge the gap for our young artists. Both amateur and professional artists are invited to perform at our annual National Country Music Awards show held in Hamilton each year.

As a result of the success of the National Country Music Awards, Kiwi Pro-Am has funded many amateur artists with professional photo shoots and trips to perform in Australia and Nashville, USA. Kiwi Pro-Am looks forward to helping many more artists make their dreams a reality.

At shows, festivals and through the Supporters Club, we promote CDs and DVDs, selling them on behalf of the artist. Check out our website.
